TO WHOM IT MAY CONCERN

Emergency Evacuation Lighting Maintenance Reference

Adapt Electrical Services Pty Ltd was awarded the maintenance of emergency evacuation lighting for all Council's buildings in October 1997. I am pleased to say that I am impressed by the commitment of the staff and the way they carried out their work professionally without fuss. Adapt Electrical staff are prepared to do whatever it takes to deliver quality service to a large variety of Council's buildings with different needs.

Their ability and knowledge to give sound advice for difficult situations have made it possible to achieve good outcome at a competitive price. They are able to produced maintenance reports on time, which are comprehensive and easy to understand.

I am confident that City of Whitehorse can work in partnership with Adapt Electrical Services to successfully maintain the emergency evacuation lighting for many more years.

Yours sincerely

Kai Yap
Manager, Infrastructure Maintenance Services
