Mr. Peter Hartmann
Managing Director
Adapt Essential Services
2/28 Superior Drive
Dandenong South 3175

Dear Peter,

I would like to pass on my thanks and congratulations for the work Adapt Essential Services have carried out with the Emergency Lighting here at our College.

As I was new to this college my knowledge of this site required a large learning curve and on recommendation we acquired your services to audit and setup a compliant logbook for our entire campus.

You have not let us down, as I am truly impressed by the quality, expertise and commitment your staff has put in to service our college.

Your documentation goes way beyond the standard as it is made with the customer in mind, most other log books I have used previously are time consuming and hard to understand.

I have no hesitation in writing this testimonial and recommending your services to other schools, universities and companies.

I look forward to dealing with your company in the future.

Keep up the good work.

Yours truly
